Chef Jimmy's culinary career started at Bristol Seafood Grill in downtown Kansas City. While there, he learned all aspects of the kitchen and restaurant industry, eventually working his way to a promotion as Sous Chef. When expecting his first child, Jimmy moved to Omaha to be closer to his wife's family. After working as an Executive Chef in the Old Market, Jimmy was thrilled to hear that J. Gilbert's was coming to town, and knew it was where he was meant to be. He's ready to bring a dining experience like no other found in the Omaha area. He prides himself in making sure every guest leaves with a 5-star dining experience. Jimmy is known for his special pairing dinners with wineries and breweries.

When he's not working, Jimmy takes every second to spend with his wife, son and daughter. They visit family in Kansas City often and stay busy with summers full of coach pitch baseball and swimming.
